

About KMissionTV

We are an innovative initiative dedicated to supporting individuals with autism and their families through high-quality educational and entertaining content.

We provide comprehensive resources, educational, and fun videos for children and adults with autism.

Through our professional, dedicated studio, we create and broadcast content that promotes understanding, inclusivity, training, services and support for individuals with autism.

Our YouTube channel will serve as a global platform offering animation, children's songs, shows, and informational videos designed to educate and empower individuals, their families and the broader community

Our Story

Hagir S. Elsheikh is an entrepreneur, public speaker, author and poet, but she is a mother first.

As a parent of a child with Autism (ASD), she found that resources (especially educational) were either judgmental, expensive, or inaccessible.

With her experiences with this, she founded KMissionTV in order to address this issue and to provide educational videos and resources that are easily accessible and inclusive to those who need them.
